

## After 23 years, it's now time to take the next step forward – with a new, strong partner

Dear valued clients,

We have been providing high-quality accounting, auditing, HR and tax services here at AVANTA for our clients in Zug and Zurich since 2000. Our qualified team has been able to provide expert advice and support in a variety of fields to help you along the road to success. We are very grateful for the trust you have placed in us.

Over the past few months, we the owners of AVANTA have been giving a great deal of thought to the future of the AVANTA Group, especially with regard to its fiduciary services and possible complementary partnerships. The purpose is to ensure we can offer you and all our clients even more comprehensive services in the future and to make certain that we are and remain an attractive, digitalised and forward-looking employer.

A unique opportunity has now arisen for us to shape our future hand in hand with the TREUREVA Group. All AVANTA partners are convinced of the value of following this shared path. In addition to the services the AVANTA Group and its long-standing partners currently provide, in future we will be able to offer you additional legal and insurance services. You will also continue to have access to numerous further technical specialists in other areas at the familiar locations in Zug and Zurich. The merger of AVANTA and TREUREVA is creating a services group made up of approximately 100 highly qualified specialists, who will now be able to provide an even more professional service for all our clients.

We would be delighted if you – our valued client – will accompany us as we take this next step.

If you would like to receive further information, please contact us by telephone or come and see us in our offices. We are looking forward to continuing to work in partnership with you and to providing "quality at your advantage".
